DAVIS LAKE ARCHITECTURAL REVIEW COMMITTEE (ARC)

Table with 2 columns: Applicant Name, Address, Subdivision, Mailing Address and Email Address, Home Phone, Work Phone.

We suggest that you file the approved ARC application, once it is reviewed and returned to you, with your home owner's documentation. This serves as proof that you have complied with, sought approval and been granted permission to make the above changes or additions to your home site.

Directions to Owner:

The Declaration of Covenants requires that you submit to the Architectural Review Committee for approval all proposed exterior additions or alterations to your house and lot. In order to be considered by the Architectural Review Committee your application must include detailed information describing the proposed change (typically, plans and specifications including sketches, photos, catalog illustrations, etc. showing the nature, kind, shape, color, dimensions, and materials; and a copy of the survey with the location marked). Make sure your application is complete. An application submitted without all required submissions will be considered incomplete. In such case, the Architectural Review Committee's review period will not commence until all required submissions have been provided. Other exhibits may be requested to permit adequate evaluation of the proposed change. If you have any questions regarding the required submissions or the application process, you are advised to seek guidance from an ARC representative prior to submission of an application. All ARC applications must have an original homeowner signature and date. Therefore, no applications can be accepted via email. ARC applications may either be given to your ARC representative or put in the DLCA clubhouse mailbox. Please contact your ARC rep if you need further assistance.
