

DAVIS LAKE COMMUNITY ASSOCIATION
CMPD North Division / Information Session – August 25, 2016

Officers Present: Capt. Butler; Officers Dana Lewis, Meadows, & Kang

North Division currently has 103 sworn personnel and 1 civilian admin support. N.D. has increased both bike and car patrols in Davis Lake to address the larceny from autos and homes. Station is on Statesville Rd, behind Hickory Tavern. In 4 years, N.D. may be split so they have less area to cover.

N.D./DavisLake is in Call Response Area 1. N.D. hosts monthly community meetings on the 4th Tuesday at 7p at Assurance United Methodist Church on Mt Holly-Huntersville Rd. Large meeting on Nov 22 at 6:30p – 2 days before Thanksgiving.

Break-ins are happening city/county-wide. Of 125 recent N.D. incidents, 8 were in our neighborhood. DL has low rate of property and violent crime. Car crimes usually happen 12a – 6a. Only 2 residential break-ins have occurred during the day. A low number of car break-ins become house break-ins; but if so, usually because garage opener was in car.

CMPD.org gives ranges by street-block of crime stats. They use this (and somewhat NextDoor) to update their patrol routes. [See below for more about websites.]

* “If you see something you feel merits any police presence, call 911.” You can request to be contacted after, or remain anonymous.

* Lock car doors and stash your garage opener

* Close garage

* Turn on lights

* Lock doors and windows

* Turn blinds toward the sky so you can't see through from below

* If scheduling work on/in home, get names ahead of time; and stay with worker inside home

* If conducting Craigslist,etc transaction, you're welcome to conduct in police parking lot
